

2020/2021 ANNUAL REPORT

POSITIONED FOR IMPACT

Haiti Teen Challenge

“The only path to a healthy Haiti is to **TRANSFORM** this forgotten generation. **EQUIP** them with the skills to **MOBILIZE** their country in reform that **SUSTAINS** the health and progress of Haiti.”

PRESIDENT'S MESSAGE

Dear Friends and partners,

It is my great pleasure to share with you the impact Haiti Teen Challenge has had in our beautiful nation.

For a decade, God has been laying a strong foundation of Godly leadership in Haiti. In addition to igniting the hearts of the Haitians within the country, this foundation has also ignited hope within the Haitian Diaspora of deep healing. Because of this they are partnering in this new Haiti; a spiritually healthy, God honoring Haiti.

Ten years of faithfulness to God's mission through Haiti Teen Challenge, we have experienced His undeserved goodness in so many ways: financial provision through your faithful generosity, spiritual vitality through prayer, unity through our mission with a God sized ministry impact.

God moves and it's been our choice to be a part of it. Thank you for your faithfulness to this movement of building godly leaders of integrity. Haiti Teen Challenge is positioned for growth in outreach, and impact to the entire nation.

I am grateful to have you as a partner in what God is doing through the ministry in Haiti.

HTC is positioned for growth and influence.

Isaiah 61:1-9

The Haitian team climbs to new heights in leadership and community engagement while facing political intrigue and global crisis.

Rendezvous Christ Church (RVC), initiated by HTC students in 2016, launched Haitian Church Network in 2021 to train Haitian pastors and unite the Haitian church.

There's been no greater **IMPACT** on my life...

...than the transforming programs at HTC. I was once defined by bad choices, addictions and prostitution. When my aunt saw how low things had gotten for me, she submitted my application to HTC. She asked me to do it out of my love for my family.

I tried to give up on the program and return to a life I was familiar with. But the staff believed that with God's grace, I had a great future. They were right. I gave my life to Christ! I've been transformed.

At graduation, I shared a passion God has placed on my heart – **I wish to see a Haiti Teen Challenge program in every region.**

I am currently interning at a partner ministry; training to make that vision a reality. God is empowering us as HTC graduates to rebuild our own nation.

LASTING IMPACT

Many organizations have tried to change Haiti; few have success stories like Haiti Teen Challenge. We've given to HTC since 2015 because they're the real deal. HTC is changing the future of Haiti by investing in the lives of women and men like Perkins, a former gang member, now head of security at the HTC Program Center. HTC empowers those that feel forsaken by lifting them up to be future leaders of Haiti.
